NDOU KHULU

HYDRAULICS & MINING SUPPLIER (PTY) LTD

OFFERING QUALITY SERVICE TO KEEP YOU GROUNDED

We are not a team just because we work together, but because we respect our customers, our alliances, the citizens and with our integrated SKILLS, excellence is a given.

It all started 37 years ago, when two of the 5 ordinary workers of the then one of the small hydraulic companies in South Africa met with an intention of opening a successful Hydraulics and Mining Supplies companies in South Africa.

With the economic slow down and the slow global economic growth, it is not always easy for any emerging company to compete with the already established companies within the industry. It took the confidence of Mr. Nelson Manenzhe and Mr. Sam Tshehla to combine their skills and start a successful Ndoukhulu Hydraulic and Mining Supplier (Pty) Ltd in 2010.

Since its inception, Ndoukhulu has employed 9 full time South Africans and we pride ourselves with provision of experiential training for students from FET colleges, Universities and Higher education institutions. Through our graduate programme, we have offered one mechanical engineering student from Wits University and one business management student from an FET college job opportunity. Our engineering service spectrum includes mining equipment manufacturers: Caterpillar, Komatsu, Volvo, JoyGlobal, Fletcher machinery amongst others

MORE INSIGHT INTO OUR COMPANY

Ndoukhulu capacity and skills revolves in local manufacturing content (engineering i.e repairs, maintenance and manufacture of hydraulic cylinders for mainly mining equipment).

We manufacture and supply complete turnkey projects in the hydraulic and all pneumatic areas.

WHAT WE OFFER

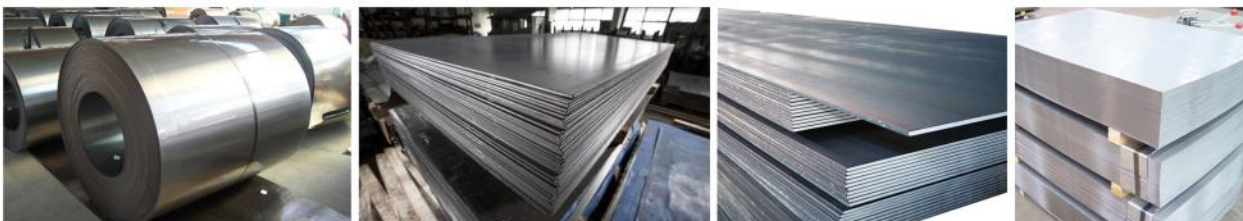

Ndoukhulu capacity and skills revolve around reverse engineering, repairs and maintenance of hydraulic cylinders and mining equipment. We also manufacture and supply complete turnkey projects in the hydraulic and all pneumatic areas. We also manufacture as per our own drawings and sketching, our own range of cylinders as per customer's specifications.

- ✓ **Hydraulic Cylinders**
- ✓ **Hose Assembly**
- ✓ **Valve Bank**
- ✓ **Hydraulic Repairs**
- ✓ **Manufacturing of Cylinders**
- ✓ **General Engineering**
- ✓ **Steel and Brake Pipes**
- ✓ **Hydraulic Cylinders for Crane**
- ✓ **Welding Work (Aluminum, Steel)**

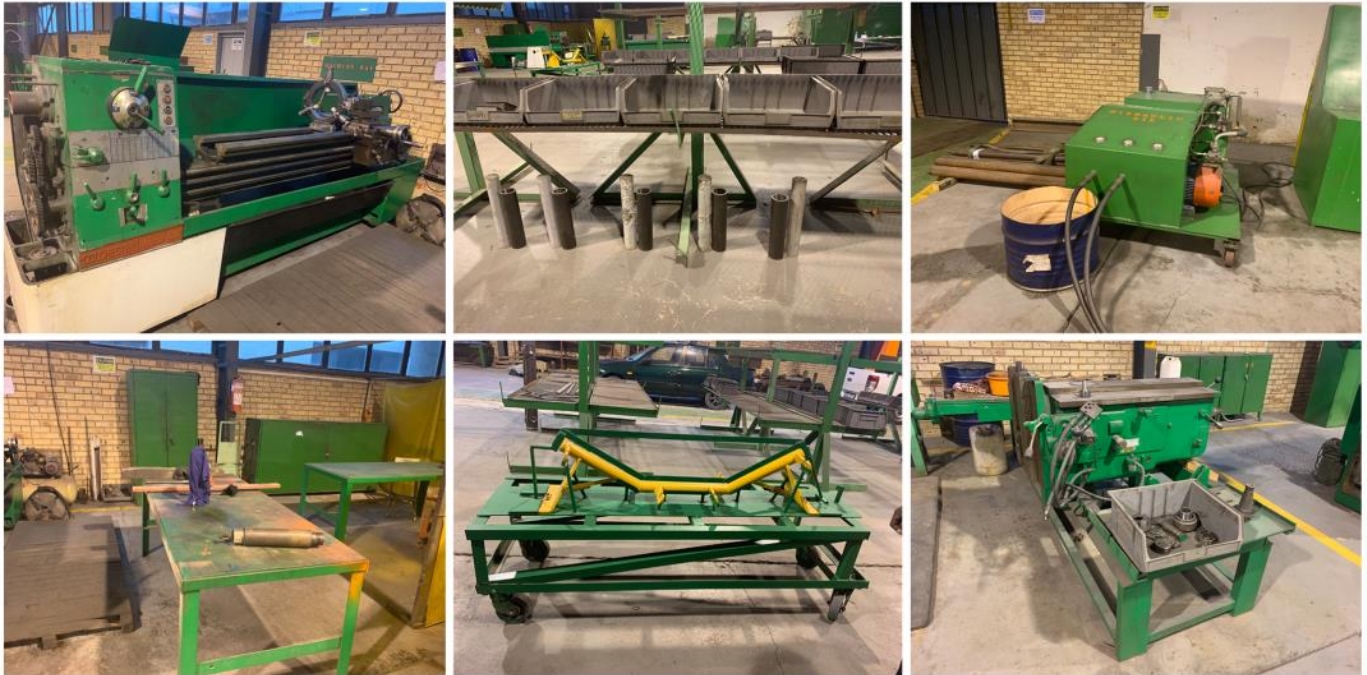

OTHER CAPABILITIES

- ✓ **General Engineering**
- ✓ **Rock Bottom Drill Bits**
- ✓ **Drifter Roll Rods**
- ✓ **Hydraulic Pumps**
- ✓ **Shortwall Cylinder Leg Covers**
- ✓ **Rotary Drill Heads**
- ✓ **Non-Metallic Hydraulic Hoses**
- ✓ **Shuttle Car Cable Guides**
- ✓ **Pneumatic Cylinders**
- ✓ **Underground Cable Lifting Hooks**

- ✓ **Steel fabrication**
- ✓ **Various nuts and bearings**
- ✓ **Galvanized steel**
- ✓ **Mild steel plates**
- ✓ **Black mild steel plates**

OUR PRODUCTION FACILITY

QUALITY ASSURANCE

All cylinders are tested by a qualified engineer before they are packaged and delivered to our clients.

This is in order to ensure maximum and satisfactory service to our customers. customers.

SAFETY BEFORE PROFITS IS WHAT WE ARE ALL ABOUT

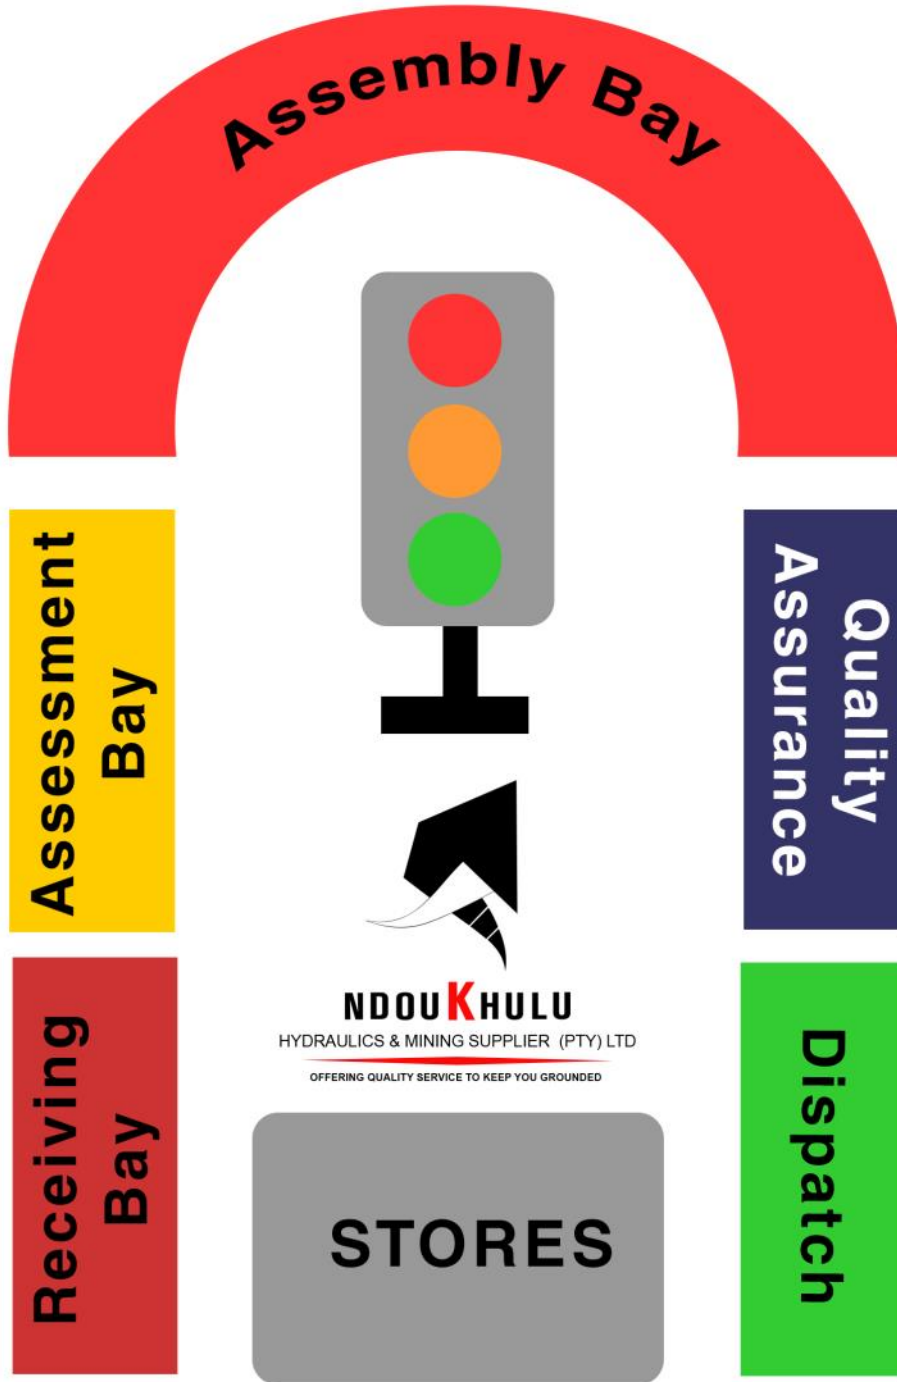

Quality is not an act but a habit.

OUR PRODUCTION FACILITY

The Assembly Bay: All items are received here from the Assessment Bay and marked - ASB (Assembly Bay)

The Assessment bay:
All items are received here from Receiving Bay and marked - AB (Receiving Bay)

The receiving bay:
All items are received here from stores and marked - RB (Receiving Bay)

The Quality Assurance Bay:
Items are received here from Assembly Bay and marked QS after all tests are done and passed

Only goods that are marked QS are stored here and should be dispatched to the correct address.

In order to ensure optimal operational efficiency, we have implemented a RAAQD module operation.

SASOL

Sasol has offered Ndoukhulu an opportunity to manufacture products were out of the Original Equipment Manufacturer's warranty for 12HM9 Fletcher. This entailed that the existing products had to be re-assessed and re-manufactured as per the OEM's specification. The task was executed without any non-conformance reports from Sasol and thus the following hydraulic cylinders were successfully reconditioned and manufactured:

- TRS Roof Support cylinders
- Drill guide cylinders
- HM9 swivel boom lift cylinders
- Steering cylinders
- Spade lift cylinders

**SAFETY IS A STATE
OF MIND, ACCIDENTS
ARE AN ABSENCE
